QUALITY ASSURANCE EVALUATION REPORT

CUSTOMER SUPPORT PROGRAM — WEEKLY EVALUATION SUMMARY
OPERATING WEEK 18 · YEAR 2026

PREPARED FOR	PROGRAM OPERATIONS LEADERSHIP
PREPARED BY	QUALITY ASSURANCE TEAM · TALKPRO SOLUTIONS BPO
REPORTING PERIOD	01 MAY 2026 — 07 MAY 2026
EVALUATION SAMPLE	86 RECORDED CALLS · 6 EVALUATION CATEGORIES
DOCUMENT REFERENCE	TPS-QA-2026-01

TALKPRO SOLUTIONS BPO — OPERATED BY TALKPRO TECH LLC (USA)
RECORDED-LINE OPERATIONS / QA MONITORED CALLS / CRM-LOGGED INTERACTIONS

SECTION 01

OVERVIEW

THIS REPORT PRESENTS THE WEEKLY QUALITY ASSURANCE EVALUATION FOR THE TALKPRO SOLUTIONS BPO CUSTOMER SUPPORT PROGRAM. THE PURPOSE OF THIS DOCUMENT IS TO PROVIDE A STRUCTURED, AUDITABLE VIEW OF AGENT PERFORMANCE, OPERATING DISCIPLINE AND PROGRAM-LEVEL QUALITY OUTCOMES OVER THE REPORTING PERIOD.

EVALUATION HAS BEEN CONDUCTED BY THE INDEPENDENT QA FUNCTION USING A CALIBRATED SCORECARD COVERING SIX EVALUATION CATEGORIES. CALL SAMPLES ARE DRAWN AT RANDOM FROM THE RECORDED-LINE POOL AND REVIEWED AGAINST DOCUMENTED OPERATING STANDARDS. THIS METHODOLOGY IS APPLIED CONSISTENTLY ACROSS ALL ACTIVE PROGRAMS.

REPORT SCOPE

- AGGREGATE QA PERFORMANCE FOR THE REPORTING WEEK
- CATEGORY-LEVEL SCORE BREAKDOWN ACROSS SIX EVALUATION CRITERIA
- KEY OPERATING METRICS — AHT, RESOLUTION RATE, CSAT, ESCALATIONS
- OBSERVATIONS FROM CALL REVIEW — STRENGTHS AND IMPROVEMENT AREAS
- RECOMMENDATIONS FOR THE FOLLOWING OPERATING WEEK

SECTION 02

KEY METRICS — REPORTING WEEK

THE FOLLOWING METRICS REFLECT THE PROGRAM'S OPERATING PERFORMANCE FOR THE WEEK OF 01 MAY 2026 — 07 MAY 2026. ALL METRICS ARE DRAWN FROM THE PROGRAM CRM AND RECORDED-LINE SYSTEM.

METRIC	VALUE	TARGET	VS PRIOR WEEK
ACTIVE AGENTS — AVG ON SHIFT	8	8 – 12	STABLE
CALLS HANDLED — DAILY AVG	126	≥ 100	+9.0%
AVERAGE HANDLE TIME (AHT)	4M 32S	≤ 5M 30S	-18S
FIRST-CALL RESOLUTION RATE	91%	≥ 85%	+2.0%
CUSTOMER SATISFACTION (CSAT)	4.6 / 5.0	≥ 4.3	+0.1
OPEN TICKET QUEUE — END OF WEEK	14	≤ 25	-3
ESCALATIONS TO TIER-2	3	≤ 5	-1

OVERALL QA SCORE	92%	≥ 88%	+2.4%
COMPLIANCE ADHERENCE	95%	≥ 95%	+1.1%

ALL FIGURES ABOVE ARE DRAWN FROM CRM-LOGGED INTERACTIONS ON RECORDED LINES. QA REVIEW IS PERFORMED ON A RANDOMLY-SAMPLED SUBSET OF CALLS — 86 CALLS WERE REVIEWED IN THE REPORTING PERIOD ACROSS ALL AGENTS.

SECTION 03

CALL EVALUATION CRITERIA

EACH RANDOMLY-SAMPLED CALL IS EVALUATED AGAINST SIX OPERATING CATEGORIES. EACH CATEGORY CARRIES A WEIGHTED SCORE THAT REFLECTS ITS RELATIVE IMPORTANCE TO CUSTOMER OUTCOMES AND PROGRAM COMPLIANCE. THE FRAMEWORK BELOW IS APPLIED CONSISTENTLY ACROSS ALL EVALUATIONS.

CATEGORY	EVALUATION FOCUS	WEIGHT
GREETING	AGENT IDENTIFICATION, BRAND-VOICE OPENING, PROFESSIONAL TONE.	10%
VERIFICATION	CUSTOMER IDENTITY VERIFICATION PER POLICY, ACCOUNT LOOKUP, CONFIDENTIALITY.	15%
ISSUE CAPTURE	ACCURATE UNDERSTANDING AND DOCUMENTATION OF THE CUSTOMER'S CONCERN.	20%
RESOLUTION PATH	CORRECT TROUBLESHOOTING SEQUENCE OR APPROPRIATE TIER-2 ROUTING.	25%
TONE & VOICE	CLARITY, EMPATHY, CUSTOMER-FACING TONE THROUGHOUT THE INTERACTION.	15%
CRM LOGGING	COMPLETENESS AND ACCURACY OF CRM ENTRY, NOTES AND DISPOSITION CODES.	15%

SECTION 04

SCORE BREAKDOWN BY CATEGORY

THE TABLE BELOW SHOWS PROGRAM SCORES IN EACH EVALUATION CATEGORY FOR THE REPORTING WEEK, COMPARED AGAINST THE PROGRAM TARGET AND THE PRIOR WEEK'S RESULT.

CATEGORY	SCORE	TARGET	vs PRIOR	STATUS
GREETING	96%	≥ 90%	+1%	PASS
VERIFICATION	91%	≥ 90%	+2%	PASS
ISSUE CAPTURE	88%	≥ 88%	+3%	PASS
RESOLUTION PATH	85%	≥ 88%	-1%	WATCH
TONE & VOICE	93%	≥ 90%	+2%	PASS

CRM LOGGING	89%	≥ 90%	+4%	WATCH
OVERALL QA SCORE	92%	≥ 88%	+2.4%	PASS

STATUS DEFINITIONS: PASS — AT OR ABOVE PROGRAM TARGET. WATCH — WITHIN FIVE PERCENTAGE POINTS OF TARGET; INCLUDED IN COACHING FOCUS FOR THE FOLLOWING WEEK. BELOW — MORE THAN FIVE PERCENTAGE POINTS UNDER TARGET; FORMAL REMEDIATION PLAN REQUIRED.

SECTION 05

OBSERVATIONS FROM CALL REVIEW

STRENGTHS IDENTIFIED

- **GREETING DISCIPLINE REMAINS STRONG.** AGENTS CONSISTENTLY OPEN WITH PROPER IDENTIFICATION, BRAND VOICE AND PROFESSIONAL TONE. NINETY-SIX PERCENT OF REVIEWED CALLS MET THE FULL GREETING STANDARD.
- **TONE AND VOICE QUALITY IS STABLE AT 93%.** CALL REVIEWS SHOW EMPATHETIC LANGUAGE, MEASURED PACE AND CLEAR ARTICULATION. NO INSTANCES OF DISMISSIVE OR ABRUPT HANDLING WERE OBSERVED IN THE SAMPLE.
- **VERIFICATION PROCEDURES IMPROVED BY TWO POINTS.** FOLLOW-THROUGH ON IDENTITY VERIFICATION HAS RECOVERED FROM PRIOR-WEEK SLIPPAGE. NO COMPLIANCE EXCEPTIONS WERE LOGGED FOR THIS CATEGORY.
- **CRM LOGGING IMPROVED BY FOUR POINTS WEEK-OVER-WEEK.** AGENTS ARE NOW CAPTURING DISPOSITION CODES AND CALL NOTES MORE COMPLETELY, WITH FEWER BLANK ENTRIES IDENTIFIED IN POST-CALL REVIEW.

AREAS REQUIRING ATTENTION

- **RESOLUTION PATH SCORE OF 85% IS BELOW THE PROGRAM TARGET OF 88%.** REVIEW INDICATES OCCASIONAL SKIPPING OF DOCUMENTED TROUBLESHOOTING STEPS BEFORE TIER-2 ESCALATION. THIS DROVE THE THREE ESCALATIONS LOGGED IN THE REPORTING WEEK.
- **CRM LOGGING AT 89% REMAINS ONE POINT BELOW TARGET.** WHILE TREND IS POSITIVE, DISPOSITION CODE ACCURACY IS THE PRIMARY GAP — INCORRECT CODES WERE OBSERVED ON SEVEN OF THE EIGHTY-SIX REVIEWED CALLS.
- **HOLD TIME MANAGEMENT INCONSISTENT.** A SMALL NUMBER OF CALLS SHOWED EXTENDED SILENT HOLDS WITHOUT CUSTOMER UPDATE. THIS DOES NOT IMPACT THE QA SCORECARD BUT WAS NOTED FOR COACHING.
- **ROUTER-RELATED TICKETS DROVE THE WEEK'S ESCALATIONS.** ALL THREE ESCALATIONS RELATED TO ROUTER CONFIGURATION (REFERENCE TICKET #1026 AND TWO RELATED CASES). KNOWLEDGE BASE UPDATE IS RECOMMENDED.

SECTION 06

RECOMMENDATIONS

BASED ON THE OBSERVATIONS ABOVE, THE FOLLOWING ACTIONS ARE RECOMMENDED FOR THE NEXT REPORTING WEEK. RECOMMENDATIONS ARE PRIORITIZED BY OPERATIONAL IMPACT.

- **ACTION 01 — RESOLUTION PATH COACHING SESSION.** SCHEDULE A TARGETED COACHING SESSION FOR ALL TIER-1 AGENTS COVERING THE FULL TROUBLESHOOTING SEQUENCE. EMPHASIZE COMPLETION OF DOCUMENTED STEPS BEFORE TIER-2 ROUTING.

- **ACTION 02 — UPDATE ROUTER TROUBLESHOOTING KNOWLEDGE BASE.** ADD STEP-BY-STEP CONFIGURATION GUIDANCE FOR THE THREE ROUTER MODELS DRIVING ESCALATIONS THIS WEEK. PROVIDE TO AGENTS WITHIN 48 HOURS.
- **ACTION 03 — DISPOSITION CODE REFRESHER.** CIRCULATE THE UPDATED DISPOSITION CODE GUIDE TO ALL AGENTS. ADD A 5-MINUTE DISPOSITION CODE QUIZ TO THE WEEKLY HUDDLE.
- **ACTION 04 — HOLD-TIME PROTOCOL REINFORCEMENT.** REINFORCE THE 30-SECOND HOLD CHECK-IN PROTOCOL DURING DAILY SHIFT BRIEFINGS. NO FORMAL CHANGE TO THE QA SCORECARD AT THIS TIME.
- **ACTION 05 — CONTINUE WEEKLY CALIBRATION SESSIONS.** QA ANALYSTS, TEAM LEADS AND OPERATIONS MANAGER TO CONTINUE THE WEEKLY CALIBRATION CYCLE TO MAINTAIN SCORING CONSISTENCY ACROSS REVIEWERS.
